
MITTELDECK

Mitteldeck - a unique event location at the middle deck of a ship in the Rhine harbour of Basel

Whether conferences, conventions or events, Mitteldeck provides an exceptional platform for up to 750 people. The throughout open space with floor-to-ceiling windows as well as large rooflight provides an exceptional platform for any kind of event. The total area of approximately 550m² can be subdivided in (up to) three sectors.

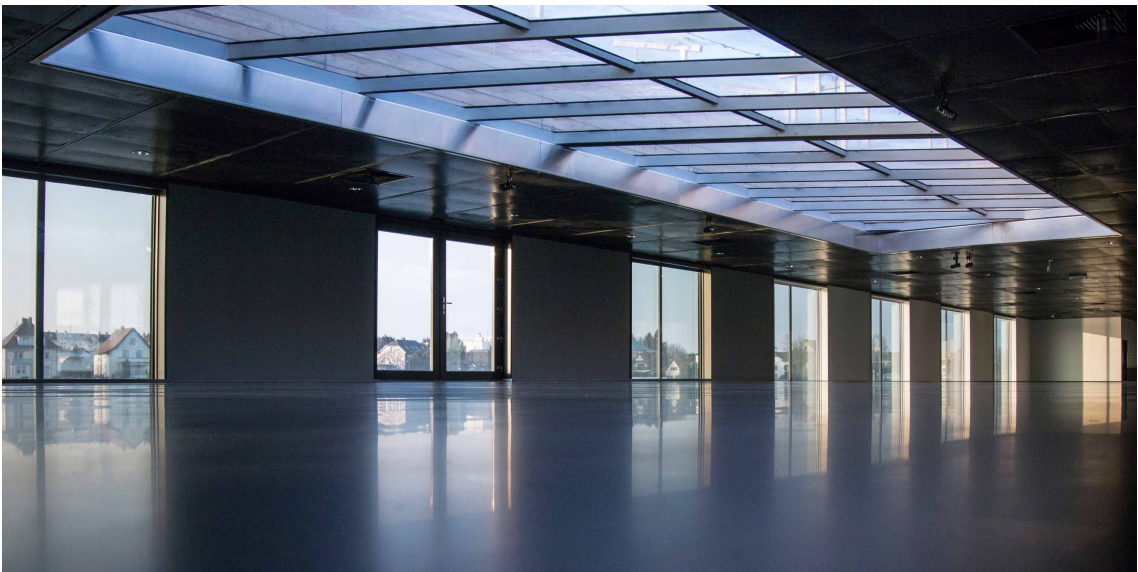

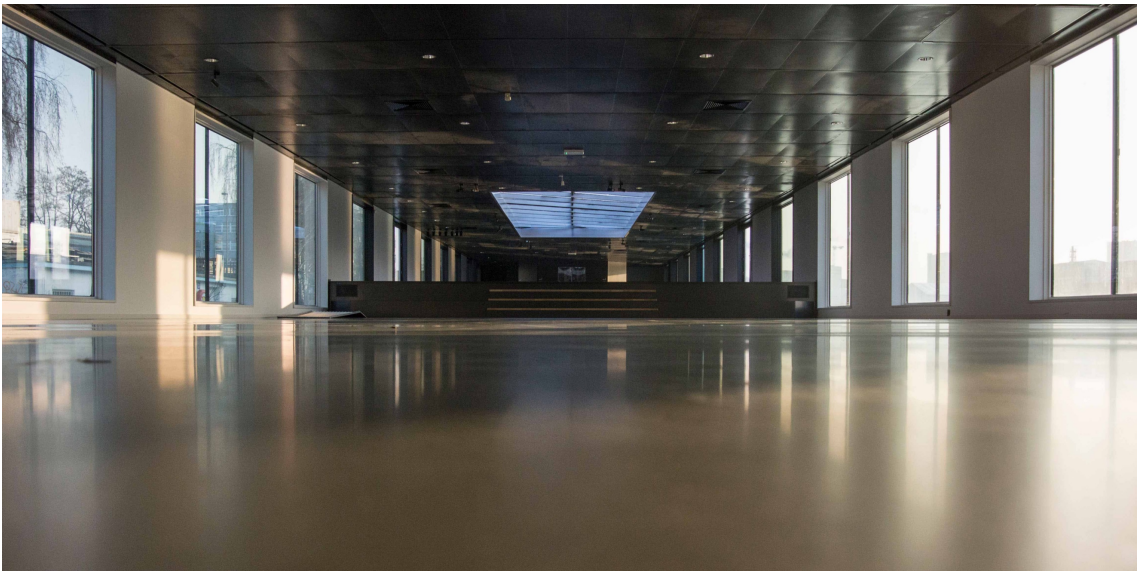

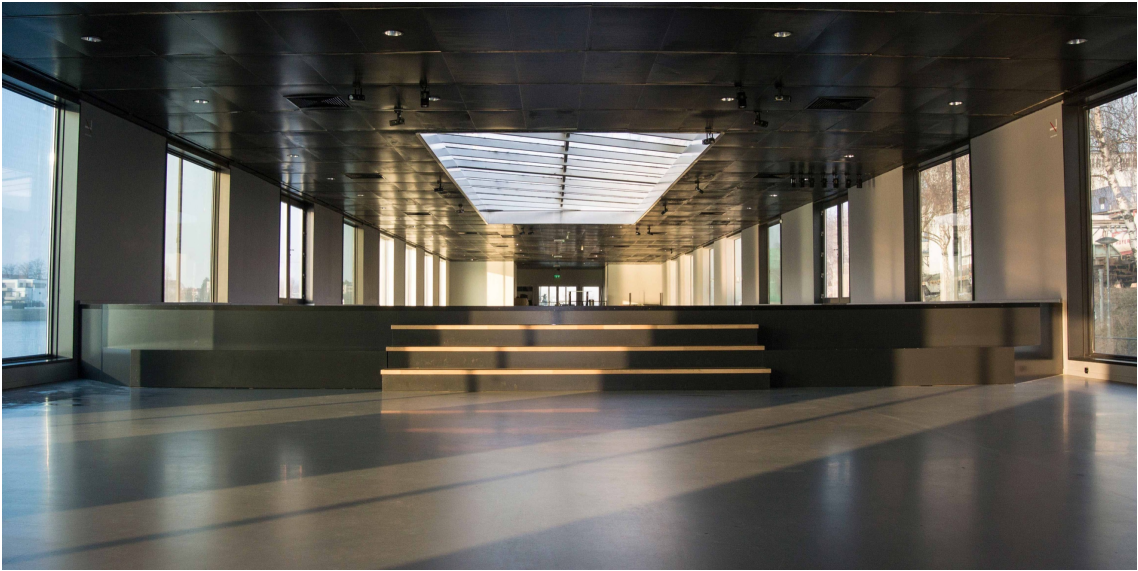

The location at the harbour not only offers a stunning panoramic view of the Rhine and the city of Basel, but also easy accessibility by public transportation as well as private car. Mitteldeck is located in between Unterdeck (lower deck), home of internationally renowned club Nordstern, and Roofdeck, summer hangout place for cocktail-lovers as well as burger-aficionados. Basically Roofdeck / partial surface of Roofdeck as well as Unterdeck (generally from Sunday to Wednesday only) can be rented additionally.

Mitteldeck extends over the entire length of the ship. The daylight flooded space with built-in bar has a separate access / entrance area as well as its own sanitary facilities, and is wheelchair accessible up to the central podium. The multifunctional location offers a modern and high quality multimedia infrastructure. High-speed internet connection is ensured via separate WiFi network.

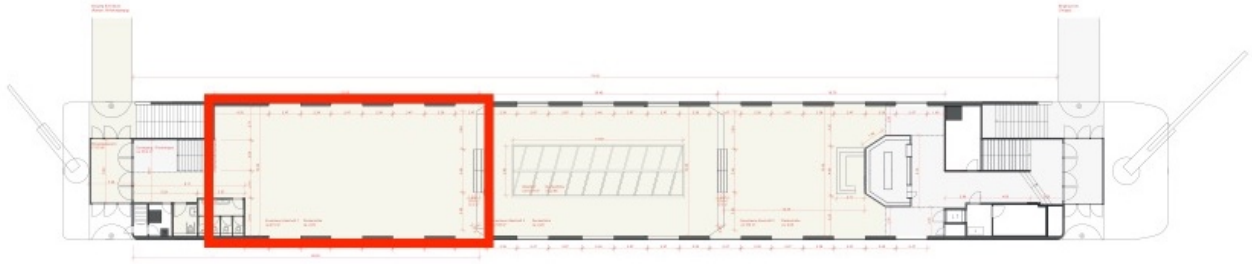

Our experienced team stands for professional consultation as well as support service before and during the event. Upon request, we gladly assist you with conceptual planning as well as organisation of your tailor-made event. Thanks to our extensive network, we can arrange culinary highlights (from simple aperitifs to the hearty 3-course menu to staged buffet landscapes), book presenters and show acts, or create a theme world through tailor-made decoration.

We are happy to provide you with a non-binding consultation / visit.

We look forward to meeting you!
